

# SPIROMETRY TRAINING

## 2-day HCA Competency-Assessed

This practical course is specifically aimed at HCAs and will provide an overview of the key elements of patient preparation and safety and the importance of accuracy and reproducibility and testing.

The session includes:

- Update on the National Register of HCPS undertaking spirometry
- Performing quality assured spirometry including verification/calibration, physiological controls, infection control and standardisation of a safe technique
- Competency Assessments

You will need to collect and return a spirometer for the practical assessment.

**Training sessions** (delegates must attend **both** days):

- Tuesday 5th October 2021 – 8.45am–1.30pm
- Tuesday 11th January 2022  
Day 2: delegates will be allocated a 1-hour time slot to attend for competency assessment.

The course will be held via Teams if possible.
