

# New to Practice Programme 2022/23

## Education and Development Opportunities for GPs

The Kent and Medway Primary Care Training Hub invites General Practitioners (GPs) to apply for the **New To Practice Programme (NTPP)**.

The NTPP aims to bridge the gap between competency for Certificate of Completion of Training and being confident in the real-world environment of modern primary care.

Individuals will gain a sense of belonging and ownership of the system in which they work and the programme aims:

- To provide peer support for early career GPs
- To support appraisal and revalidation
- To provide Continuing Professional Development

To qualify for this exciting opportunity, applicants must meet the following criteria\*:

- Newly-qualified or within their first year in General Practice
- Hold/about to hold a substantive contract with a Kent or Medway General Practice/PCN.

Please note application closing date:  
**Thursday 31st August, 2022.**

A schedule of tailored sessions will be released shortly and where possible these sessions will take place on a Tuesday. Sessions will be mainly face-to-face in a central Kent & Medway location.

\*Open to all who meet the above criteria, regardless of number of hours worked; salary funding will be available through the Training Hub to support programme attendance.

For further information and to request an application form for these fully funded opportunities, please contact the Kent & Medway Primary Care Training Hub at [kmpcth@nhs.net](mailto:kmpcth@nhs.net)
