

New to Practice Programme 2022/23

Education and Development Opportunities for Practice Nurses

The Kent and Medway Primary Care Training Hub invites General Practice Nurses (GPNs) to apply for the **New To Practice Programme (NTPP)**.

The NTPP aims to support Nurses new to General Practice to feel confident in the modern Primary Care world.

The NTPP modules have been designed to reflect the changing and complex nature of healthcare today, with themes relevant to nursing in Primary Care, as well as clinical sessions delivered by the Training Hub, Invicta Learning and the University of Greenwich.

To qualify for this exciting opportunity, applicants must meet the following criteria*:

- Newly-qualified or within their first year in General Practice
- Hold/about to hold a substantive contract with a Kent or Medway General Practice/PCN.

Please note application closing date:
Thursday 31st August, 2022.

A schedule of tailored sessions will be released shortly and where possible these sessions will take place on a Tuesday. Sessions will be mainly face-to-face in a central Kent & Medway location.

*Open to all who meet the above criteria, regardless of number of hours worked; salary funding will be available through the Training Hub to support programme attendance.

For further information and to request an application form for these fully funded opportunities, please contact the Kent & Medway Primary Care Training Hub at kmpcth@nhs.net
